Flu Vaccinations -

A few weeks ago, the nursing team visited school to administer the flu vaccination to children whose parents/carers had provided consent. Unfortunately, the team were unable to vaccinate all consented children during this visit. They will therefore be returning to school at a later date to complete the remaining vaccinations. Please be assured that if your child was absent during the initial visit, or their class was seen but they were unable to receive their vaccination, the nursing team are aware and your child will be included on the catch-up list. Many thanks for your understanding and support.
