Dear Parents/Carers,

We would like to invite you to Autumn 1's Digital 'E-Safety & Artificial Intelligence' Learn Alongside sessions.

If you are unfamiliar with 'Learn Alongside', sessions are held every half-term to give parents, guardians and family members the opportunity to experience learning with your child or children in class. Each session focuses on a specific subject area, allowing you to hear from school leaders, subject leaders and class teachers in how they bring each subject to life.

With our digital world continuing to evolve, we felt this was an important time to share our e-safety curriculum with you, alongside some of the key updates within this year's Keeping Children Safe in Education guidance, particularly in relation to the growing use of Artificial Intelligence (AI).

Our 'Learn Alongside' sessions will take place across the week, providing an opportunity to learn more about how we support children to stay safe, confident and responsible in an ever-changing digital world.
